FINE FEATHER PRESS

Andrea – writer,
photographer

Fine Feather Press is an independent natural history publishing company founded by naturalists Caz Buckingham and Andrea Pinnington. It produces imaginative nature books to encourage children everywhere to get outside, to look at the world around them and to inspire them to protect its future. Caz and Andrea have collaborated on over 50 natural-history titles and when they are not making books, they can be found – cameras in hand – closely observing our wild world.
