

play+

books for little ones.

Introducing Play+ - the first baby and toddler range from Ravensburger, designed for children from birth to 36 months.

This range takes a holistic approach to early childhood support, fostering children's natural curiosity through play, nurturing key skills and developmental milestones.

With playful discovery at its heart, the collection has been developed combining over 100 years of Ravensburger expertise in making high quality toys and books, with insights from international experts; not only leading early years professionals and educators but also parents and their little ones too.

**With Play+ the tiny details matter -
because it all starts with Play!**

What puts the + in Play+?

-  Our books and toys are designed to provide a variety of ways to play and to grow with children as they develop early skills.
-  The wide variety of materials, functions, and uses of the products in the range has been tailored to meet the needs of both children and parents in the best possible way.
-  The collection reflects today's design trends and styles but always keeps in mind insights from experts on proven and established pedagogy.
-  In Play+ find a wealth of ways to play together but also opportunities for independent play and discovery.
