The Ice Age is cold and quiet. Standing on the ice are boring old-fashioned animals. They're all a bit miserable. 'There's nothing to do here. We're bored out of our skulls,' says the woolly rhinoceros. 'It's really stupid here,' the sabretooth tiger says. 'It's all ice and snow.' 'And that's super boring!' says the mammoth. 'You're super boring yourselves!' I say.

THE CORNER SHOP ON APOCALYPSE STREET

Tommy Finlayson

QUIRKY • SCI-FI • ADVENTURE

Cali's world has no hope of survival – until he stumbles across an interdimensional corner shop that only appears in planets plagued by end-of-the-world scenarios. Alien invasion? No problem. Robotic uprising? Easy. There's no apocalypse the corner shop can't fix ... until Cali's world, that is. Faced with his planet's extinction, Cali's only hope is to brave the dangers of the wasteland with Timbo, the shop's resident lizard boy. Can they find the source of the apocalypse and create a remedy before it's too late?

- A unique, thrilling and richly-imagined new take on the post-apocalyptic genre, from the 2024 Lime Pictures New Storyteller Award winner.
- A distinctly British sci-fi feel; think *The Hitchhiker's Guide to the Galaxy* and *Good Omens*, but younger!
- Called 'the idea I wish I'd had' by Frank Cottrell-Boyce, this is a masterclass in imagination and creativity.

TOMMY FINLAYSON

Tommy Finlayson is a 26-year-old writer from Surrey. He has worked as a teaching assistant, cleaner, retail assistant and warehouse picker. His passion for writing began when, at the age of 11, he was given homework to write what he thought happened after Shakespeare's *The Tempest*. Inspired by the film he'd watched the night before – *Monty Python and the Holy Grail* – he wrote a page of nonsense where coffee-addicted rabbits attacked the entire cast. He hopes to one day top this piece of writing.

The ice cream robber

"Race you to the water! Last one's a total loser!" Maz yells over her shoulder. She tears off down the stony beach. "Whee!!"

It's embarrassing how loud Maz is. A few people walking their dogs look round at her, and at me too. I wish I could let them know that she isn't my friend. She's just some random girl who's stalked me. But I still go to catch Maz up. By the time I get to her she's kicked off her trainers and is paddling in the shallow waves.

"Get in, Sadie!" she orders me.

"But won't the stones hurt?" I say.

"Don't be a baby, Sadie!" Maz says with a laugh. "Anyway, the stones are more like pebbles down here."

I glance down and see that the stones are smaller here at the water's edge. Maybe it'll feel okay. I decide to give it a go and step out of my shoes. I gasp when I feel the cold water lap over my feet.

"Yay!" yells Maz. "There you go! And hey, do you know how to skim stones?"

"No," I say with a shake of my head.

Wings of Fire: Darkness of Dragons

Tui T. Sutherland

An ancient evil, a terrible prophecy - and five dragonets who could save the world…

Qibli knows Darkstalker must be stopped. And he knows he could stop him - if he had magic. With even a sliver of the ancient dragon's all-powerful scroll, Qibli could rewrite history the right way: end war forever; make every dragon happy; perhaps even cast a very small spell so that everyone would like him.

Instead, as Darkstalker's dangerous influence spreads across Pyrrhia, entrancing or killing every dragon in the seven tribes, Qibli can only grasp the small animus objects he's borrowed from Turtle. With some clever thinking, Qibli's talons finally hold the power to make a difference.

But prophecies are not easy to rewrite. Can Qibli be the magical force Pyrrhia needs, or will he be the one to bring Jade Mountain - and his family, his friends, his whole world - crashing down?

It's Valentine's Day in Valentine, North Carolina...and Tylor Whitlock *just won't die*.

Tylor Whitlock knows how people in her town see her. She's been called every name in the book and probably kissed a few of the guys who wrote it. Her wildly popular blog has always been her way of taking back the narrative, and this Valentine's Day? She's dropping her biggest post yet: an unfiltered exposé on every guy who's ever broken her heart. Then she dies. Like, actually dies. Only to wake up in her bed...and it's Valentine's Day. *Again*.

Stuck in a time loop with a masked killer and a deadline she's dying to meet, Tylor has to team up with the one person she can't afford to lose: her best friend Nate - the only guy in her life she's never dared to fall for. Until now. And if they want to survive the night, they'll have to unmask a killer, rewrite the ending, and figure out if love can save them when nothing else can.

MOCHA MY DAY

KATIE CICATELLI-KUC

Valentine's Day falls upon the quaint and cozy town of Briar Glen in this new cozy romance from Katie Cicatelli-Kuc, author of the New York Times bestselling Pumpkin Spice & Everything Nice and Mint to Be!

This edition includes a special scratch and sniff cover and stenciled edges perfect for a cozy Valentine read!

Skylar Harris isn't perfect, despite Noah Green's first impression of her. When he bumps into her (literally) outside Cup o' Jo on his first day of work, it's far from a meet-cute: Skylar sees a leather jacket-wearing bad boy, and Noah sees Little Miss Perfect in glasses. But Noah doesn't have time to think about anything besides mixing mochas at barista bootcamp. And Skylar is mittens-deep getting ready for the annual winter carnival at her family's ski lodge...which is more challenging this year than usual.

Skylar just happens to be a regular at the coffee shop, though―it's where she can find a little space to write and dream, away from the increasingly frantic pace of the lodge. Who cares if she can't even figure out if she likes coffee! But ignoring Noah turns out to be harder than it looks, especially when Skylar discovers that behind Noah's angry exterior he's hiding a heart-wrenching pain that he can't fix by himself.

Coffee isn't the only thing brewing as Skylar and Noah realize that maybe they are perfect...for each other.

OWLS ON LOCATION

Owls appear all throughout the Harry Potter films. Here are a few of the most common owl perches.

DIAGON ALLEY is a street teeming with witches, wizards, and all manner of magical shoppers. You can often spot owls perched outside Eeylops Owl Emporium or simply zipping overhead.

THE OWLERY, which Harry first visits in the fourth film, is a tall stone tower that hundreds of Hogwarts owls call home.

THE GREAT HALL is where students enjoy their meals, and where owls swoop in to deliver the morning post.

Use this page to draw the owl that you've imagined by your side.
